

The Ethics (Paperback)

By Benedict de Spinoza

Dover Publications Inc., United States, 2018. Paperback. Condition: New. Reprint. Language: English. Brand new Book. What does it mean to live an ethical life? For seventeenth-century philosopher Benedict de Spinoza, this question led to a doctrine in which God is present in all things and the human mind is part of God's infinite intellect. Spinoza regarded ethics as a rational system corresponding to the rational nature of the universe and employed a deductive method derived from Euclidean geometry to show that the validity of ethical ideas can be demonstrated by a mathematical style argument. His conclusion: to be guided by reason is to live freely, motivated by love and goodwill rather than fear or hatred. These ideas challenged both conventional views of God and the related social and political structure. Reviled by the religious authorities of his native Amsterdam, Spinoza remained an uncompromising model of intellectual courage. His vision, published posthumously as *The Ethics*, has served as an inspiration to Enlightenment philosophers, Romantic poets, and generations of thinkers.

Reviews

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.

-- Elinore Vandervort

If you need to add benefit, a must buy book. I could possibly comprehend every little thing out of this composed e pdf. I am quickly could get a enjoyment of looking at a composed book.

-- Mrs. Mariam Hartmann
